# COMMUNITY LIFE

## Highlights

Through Hwy 280, you have year-round access to Tataskweyak Cree Nation. One of the advantages of teaching at Chief Sam Cook and living in the community is having close access to Thompson, Manitoba and all the amenities it provides. Whatever you can't find at Tataskweyak, you'll surely find it in Thompson.

From its beauty to the hunting, the land near Tataskweyak has so much to offer. This is truly a chance to reconnect with nature and everything it provides. There is so much opportunity for fishing (northern pike, pickerel, etc.) and hunting (moose, caribou, etc.). As you can tell from the pictures, the community is surrounded by a lake, so you'll also have plenty of time to snow-shoe, cross country ski, and ice fish during the winter season.

If you're keen to explore the area, Hwy 280 gives you access to everything you need. This truly is a beautiful place with great land, where you can hike, sightsee, animal watch, practice photography, and much more.

There are a lot of Hydro development projects in the area, which teachers often bring students to, so they can see generating stations. Chief Sam Cook provides its students with these opportunities to implement career awareness, by showing students the requirements needed to work with Manitoba Hydro.

## Community Life

The people of Tataskweyak are friendly and welcoming. Teachers are always welcomed into the community. Members of the community often partake in nature activities: hiking, running, fishing, and hunting (because of the majestic land in the surrounding area).

When venturing outside of the community, our people often visit Thompson, where you can find a mall, movie theatre, library, Walmart, etc. Members of our community also visit Gillam, Fox Lake, and in the winter (with help of the winter road) people go to York Factory and War Lake First Nation.

# COMMUNITY LIFE AND GALLERY

## Services

Tataskweyak has a health centre, a grocery store, Morris Sisters Chester Fried Chicken, a gas station, a hotel, a workout area, a VLT building, a band hall where community events take place, and an arena with an ice rink. The dentist comes in every 2 – 4 weeks, and the optometrist comes in once a year. Safety officers and RCMP do regular visits from Thompson.
